

Impossible is Nothing

Year 5 SUMMER 1 Cycle A

Does potential have limits?

Values [RESPECT](#) | [EMPATHY](#) | [COURAGE](#)

Overview In this topic children will focus on the concept of sportsmanship and how this presents itself both on and off the arena. Our value driven curriculum will allow children to apply the concept of sportsmanship to their own learning and behaviour. Learning and life skills of courage, dedication and commitment will form the basis of transition work as children begin their final term here at UCPS. Science learning will see children developing their understanding of the cardio-vascular system and how keeping well both physically and mentally is vitally important. Going beyond our curriculum, children will live out our inclusive value and challenge gender stereotypes in sports and other inclusive aspects such as LGBT awareness in sports like football.

Engagement Professional sports people will visit the school and provide inspirational speeches. Sports people who challenge stereotypes will also visit.
