

## Reading Book Marks

In your child's home reading book you will have found a book mark. Your child will get a new book mark every two weeks as we introduce a new unit during our phonics sessions.

These book marks are to be used instead as a record and celebration of your child's reading at home. There is space for you to record the date and any information each time your child reads their reading book as well as space for you to assess and monitor your child's progress with the new sounds and a few of the words introduced.

**Please note:** These book marks are purely for use at home and we will also be assessing and monitoring in school.
