Extended Code Unit 24 /ar/: Word search

Students have to find the following words in the word search by tracking through each line from left to right. Words only appear horizontally. Remind them that sometimes we spell a sound with two letters. In this word search, they will see some two-letter spellings. When two letters are in the same square, they represent one sound. Split spellings are underlined. When students find a word in the word search, they say the sounds and read the word.

Roll and Read Tuesday 30th September 2025

Extended Code Unit 24 /ar/: Roll and read

This is a game for two players. Each player has a pencil of a different colour. Each player takes turns to roll the die. When they roll the die, they have to read the word at the bottom of the column with the same number as the die. Once they've read the word, they claim it by crossing it out in their colour. The aim is to complete all the columns. The player who reads the top word in each column wins the column. The player with the greatest number of columns wins the game.

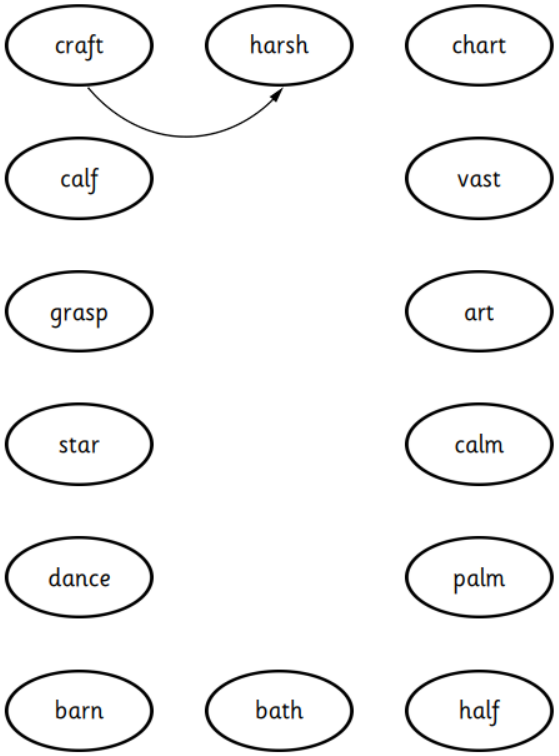
WEDNESDAY 1st October 2025

Extended Code Unit 24 /ar/: Speed read

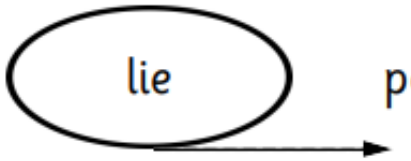
How many words can the student read in 20 seconds? Students in pairs time each other to see how many words they can read correctly in 20 seconds. Ask the students to do the activity several times over several days to challenge them to read faster.

Do the activity again after a few weeks as revision.



Extended Code Unit 11 /ie/: Word tracking

Ask the students to read each word quietly to themselves. If they can hear the sound /ie/, they circle the word and continue to the next one. As a follow-up, they can write two or three silly sentences using some of the words with the sound /ie/.



lie	pond	tight	high	dive	crib

FRIDAY 3rd October 2025

Extended Code Unit 11 /ie/: Four-in-a-Row

This is a game for two players. Each player chooses a different-coloured marker. They take it in turns to read a word on the grid and cross out the word they have just read with their coloured marker (but they HAVE TO SAY THE SOUNDS AND READ THE WORD out loud!). The aim of the game is to be the first to form a horizontal, vertical, or diagonal line of four words in one's own colour.
