

*You need to draw a line to match the pictures, equations and representations.  
Can you see how repeated addition is the same multiplication? Start to recognise and talk about the pattern you can see when counting in multiples of 5.*

$$5 \times 2$$

$$5 + 5 + 5 + 5 + 5$$

$$5 + 5 + 5 + 5$$

$$5 \times 5$$

$$5 + 5$$

$$5 + 5 + 5$$

$$5 \times 6$$

*Complete the equation...*

$$5 + 5 = \underline{\hspace{2cm}}$$

$$5 + 5 + 5 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} = 5 \times 4$$

$$\underline{\hspace{2cm}} = 5 \times 5$$

$$\underline{\hspace{2cm}} = 7 \times 5$$

Identify the pattern made when counting in fives.

Starting at five, colour in all the following multiples of five

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

What pattern do you notice now you have coloured in all of the fives?

I notice...

_____
_____
_____
_____
_____
