Learn and discover at the magical

UCPS ZOO

The school trip was a success and Mr H Popotomus has already booked in next years visit. The children learnt lots and went away amazed by what they had seem! Well done Year 2!

Today one of your staff working within the gift shop is on holiday. Unfortunately, due to the massive success of the business nobody else is free to help whilst they are away. Your challenge will be to both manage and work within the Zoo's gift shop today. You will need to serve customers and ensure that they receive the correct change. You will need to clean and tidy to make sure everything is looking smart. You might even think about some new ideas to make the shop an even greater success! Have a great day in your shop Year 2!
