

Let's read the diary extract

Dear Diary,

Do you know what I did today? I had the most amazing day! I went to the Tutankhamun exhibition with my class. First, we got our things ready at school. I felt so excited! Then, we arrived at the gallery. Did you know that Tutankhamun was only 9 when he became Pharaoh? I also learned that he died when he was only 18 or 19 years old. Next, we had a delicious lunch of sandwiches and fruit. After that, we took part in a workshop. It was fascinating! Finally, we came home on the train. I felt exhausted! It was the best day!
