Writing a clerihew

Cinderella

Danced in a ball with a fella,

Right up until the clock chimed midnight.

Her dress became a mess of rags and gave everyone a fright.

Write your own clerihew about a famous person or character.

- Remember, the first line is the name of the person.
- The second line rhymes with the name and gives more information about the person.
- The third line gives us another fact and starts a new rhyme.
- The fourth line rhymes with third line and ends the poem. Its often funny!

Type up your poem and practice your touch typing!
