

*Thursday 30th April*

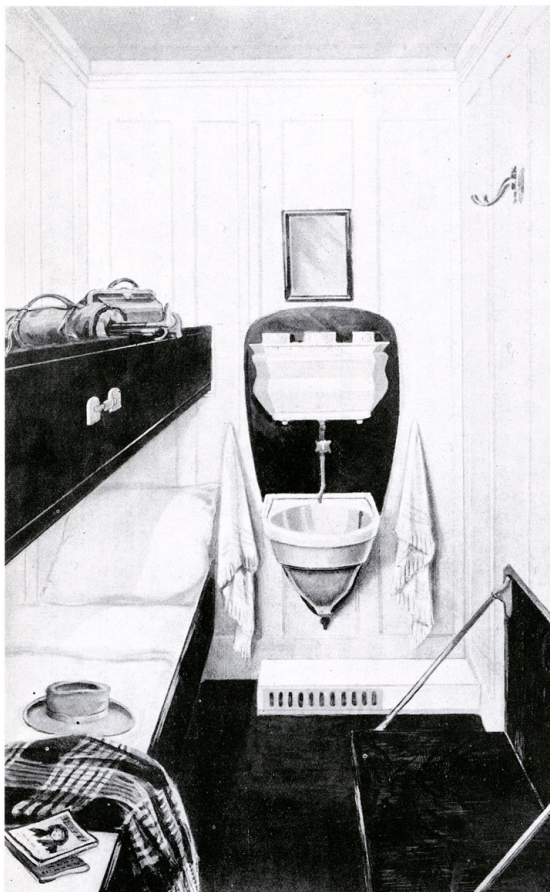

## *MPI Using primary sources to interpret the past*

This worksheet is designed to go with the History lesson 1 video link on the UCPS Youtube channel

Source 3a

Titanic's first class cabins

Source 3b

Titanic's third class cabins

*Look at Source 3a and b. These are images of the Titanic's cabins in 1st and 3rd class.*

- *Compare the two types of accommodation shown here. Write three sentences to describe the differences*
- *What does this tell you about differences between rich and poor at that time?*

*Which of these cabins would you have preferred to stay in?*

*Give your reasons why.*

### **CHALLENGE**

Draw or build in a shoebox, a reconstruction (model) of a third or first class cabin. Think about how big they are, what items you might find inside them and the decorations on the walls and beds.

You can send pictures of your work to:

Compare the first and third class lists of passengers who drowned on the Titanic.

- On both lists, more men than women died, why do you think that is the case?
- What sort of jobs did the third class passengers do? Why do you think there are not many jobs listed for the first class passengers?
- What else can you find out about the passengers listed in these two sources?
