

Miss Natale's book recommendations on the natural world

Top choices:

Picture books

The story of a young girl, who lives in a forest threatened by giants. Inspired by Greta Thunberg.

Meet 20 inspiring heroes committed to making a difference to our world.

A story about a passionate girl who cares for nature and creates a garden in a neglected space.

Books for older children

The Last Wild trilogy: a sci-fi with an environmental twist. Follow Kester throughout his adventures to save the animals.

A story about a friendship between a child and a bear. April is determined to save the bear and she embarks on a wonderful journey.

A story of discovery: Isabel can't leave her island. She uses her knowledge of maps to navigate the heart of the island.
